Special Notice: The 1951 strains of Stokescross No. 1 and Stokescross No. 2 replace the strains of last year. The present stocks are, in our opinion, far more valuable in that they are larger, smoother, and in every way superior to the stocks that were offered last season.

Stokescross No. 3 will not be available until August 15, 1951. Of Stokes-cross No. 1 we regret that until August 15, 1951, it will be available only in Garden Packets and Trade Packets. Our supply is strictly limited.

We suggest early orders, especially of Stokes F<sup>2</sup> hybrids. More than half of our supply is sold as this is printed.
